**PROFESSIONAL QUALIFICATIONS OF:**

**M. SCOTT ALLEN**

M. Scott Allen is a Vice President and partner with GAR Associates, Inc. He is a State Certified General appraiser, and market analyst and he has been active in undertaking these duties since 1986. He was appointed Vice President to the Commercial Division of GAR Associates, Inc. in 1992.

**MARKET ANALYSIS/MULTI-FAMILY SERVICES:**

While a wide variety of property and real estate types have been analyzed over the years, the current efforts are concentrated on market analysis and appraisal work related to a wide variety of multi-family and residential housing. This includes affordable, market rate, and senior specific (independent/assisted and advanced levels of care) projects. Our experience has allowed us to successfully complete work in other parts of the Northeast and the Country and State certifications are permanently held in multiple locations.

Our Market Analysis division has grown out of an increased need for market studies and consulting for newly developed housing projects. On an annual basis, we complete between 70 and 100 market studies and appraisals in conjunction with a wide variety of multiple family housing including:

- *Proposed developments using Low-Income Housing Tax Credits.*
- *Market studies in conjunction with proposed market rate housing projects.*
- *Senior specific as well as family developments.*
- *Market studies required under the HUD MAP guidelines.*
- *Market analysis and market studies required in order to support HUD Section 236 Decoupling efforts.*
- *Real estate appraisals for all types of multi-family and residential housing.*

Our market studies are prepared in conjunction with the requirement of the end user. We are approved under the HUD MAP Program, and recognized by New York State HCR, New York State HFA, Fannie Mae and Freddie Mac as a provider of such studies. We have also prepared studies used in conjunction with submission to state allocating agencies in Arizona, Massachusetts, and Pennsylvania. Over the past decade, GAR Associates has been active in completing numerous studies in conjunction with submission for Low-Income Housing Tax Credits issued by NYS HCR. We have completed studies across New York State, spreading from metropolitan New York City to Western New York, and areas in between. Based on our experience here, and in conjunction with our NCHMA ties, we have expanded our studies to other areas including work in: Arizona, Vermont, New Jersey, New Hampshire, Massachusetts, Michigan, Florida, Connecticut, Pennsylvania, and Nebraska. From fall 2010 to fall 2012 Mr. Allen served as the Chairperson for the NCHMA.

Currently, the concentration of work effort undertaken is associated with various forms of housing. This includes preparation of market studies in conjunction with affordable housing developments, market studies for market rate housing projects, appraisals/rent comparability studies related to this real estate type, and analysis of military and student housing projects.

On an annual basis, Mr. Allen prepares anywhere between 30 and 40 reports that are directly used in conjunction with NYS HCR Tax Credit Submission filing for 9% credits. He is approved as a market analyst by various state agencies, and is approved as a HUD analyst. Additionally, Mr. Allen serves on the Standards and Executive Committees for NCHMA and from 2010-2012 was the Chair for this organization which has been instrumental in setting guidelines and standards for market analysis used in conjunction with affordable housing. He also served on the Board of Directors for their parent organization NH&RA.
